Directions:

The nearest motorway exit to Sheffield City Centre is junction 33 of the M1. This will bring you onto the Sheffield parkway and as you continue to head for the City Centre, Ponds Forge is sign posted.

Off the Round-about turn into Broad Street, follow the road round to left – under the bridge and the car park is on your left hand side.

Walk out of the car park, as if you were exiting in a car, follow the building to the Pond Hill end to meet us.

Access is available from 7.45pm – meet at the fire escape at the end of main building. Please be there to help carry equipment. Try to be prompt – we have only short time to unload and get things onto the pool side.

This is a 6m deep pool - use caution and listen to your dive briefings carefully
