

Rum-Tickle Viaduct Abseil

Viaduct grid reference:

NGR : SE280009

All Outdoors instructor mobile telephone:

07889 071230

You will need to dress for the prevailing conditions. It can get quite windy and cold when standing around. Footwear needs to cope with the walk, which can get a little wet and muddy. It's also worth bringing a drink (non-alcohol) and chocolate to feed to the instructors!

The instructors will be taking photographs, which will be made available to your group organiser. Please note there are no toilets at the abseil, only plenty of trees to hide behind!
