

# Beezley Falls Dive Site Directions and Details

Beezley Falls is a 10 metre dive in the River Doe near Ingleton. This is a very popular attraction and location with tourists in the summer months. Bring everything you will need including drinks and food. This site is a very strenuous and requires some clambering over rocks. After spells of heavy rain the river can be fun! Capernwray is only 20 minutes away if cancelled. Access is via a farm track and the landowners may turn divers away.

- Parking is FREE but very limited, and is on private land.
- Air fills are not available at this location

Please meet at **Inglesport**, upstairs in the Café. You will need to park in the village to meet. After a coffee it is just a short drive to the Dive site. Parking is a real pain, so please try to share cars.
