

Porth Diana

Anglesey – Trearddur Bay

Location Address & meet point:

Diving Services (opposite small beach)
Ravenspoint Road
Trearddur Bay
Anglesey
LL65 2AQ

This is a truly wonderful location. The small Bay here offers us a base to explore the reefs just off shore. The maximum depth for shore dives is around 12m. This site is best dived at \pm 1 hour of high tide. The site has no toilets and has no food facilities. Drinks and ice creams can be bought at the dive shop. This is public beach dive, with limited access and very restrictive parking. We normally drop gear and park away from the beach.
