Learn to dive

Why Us?

We are the oldest independent **PADI** dive school and club based in Huddersfield, Wakefield, Leeds, Sheffield and the Yorkshire area. We have one simple philosophy, that is to teach and guide divers through close guidance and provide the opportunities to get out and dive!

All our courses are individually tailored. **We don't do big groups or mass courses like most other dive schools.** Our enthusiasm and caring approach is to teach our passion by experienced dive instructors and professional dive educators.

We encourage scuba diving, with dive opportunities and deep pool sessions available every week. Our crew are *scuba divers* who actually go diving and not just in the water for teaching - this keeps their own skills and development up-to-date.

We also can provide 'Adaptive Scuba' programs and training for disabled individuals and those with special needs (*as long as you can meet the minimum medical screening guidelines*).

CLICK ON **SCUBA** ON THE MENU TO FIND OUT MORE

Going on Holiday?

Are you planning your holidays and thinking of getting away from the cold. Then why not learn to dive before you go. **Scuba diving** courses on holiday are OK, but why spend your vacation in a classroom and swimming pool - do all that here at home - then enjoy your holiday and have the benefit of just '**diving**' while you are away!

For qualified divers we run **pre-holiday** skill sessions in a 6m swimming pool. Practice your buoyancy and basic skills just before you go away. Log the experience and have PADI professional verify the dive. These sessions are also useful to get back in the water after a period of in-active scuba diving.

Dive Club

'apparently diving is fun'

We are very passionate about our diving at ProScuba. Our success comes over the many years of diving through our friends and dive instructors. Our dive school and underwater education are just a small part of the things we do. What it is really about is going diving and enjoying ourselves. **ProScuba is a dive club of friends who love to go diving and seeking adventure.**

As a dive club and school we have: **No Membership**, no committee, no politics, no cleekish sub groups - Just friends and a dedicated professional team to guide, teach and lead you.

Our diving happens two or three times a week all year round. We have pools sessions at least twice a week, including the 6m deep pool at Sheffield. We meet at two locations for a social drink, one in Denby Dale, Huddersfield and one in Sheffield during the week.

We run courses from try dives to instructor levels, including technical diver levels for those that want that bit more.. We have regular access to one of our members two boats for dives. We have three compressors with air and nitrox to 300bar! We can arrange discounts for equipment and can arrange hire, including dry-suits. We normally pay commission on courses you can sell for us.

*For the best way to find out what we do - log onto our **Forum and friends area**. Here you find trip reports, our dive calendar and lots more.*

Pool Sessions

We have pool session available for scuba diving; training, development and skill practice. Our main pool night is at the Inkerman Leisure pool in Denby Dale on a Wednesday at 7.45pm. We also use the 6m pool at Ponds Forge in Sheffield most weeks. We can also arrange other pool sessions almost any night - We also have pool sessions available in the Leeds, Huddersfield, Bradford areas - flexibility is our key.

Inkerman pool - Denby Dale

Ponds Forge - Sheffield

Aquatics Centre - Manchester

Scuba Diver Training & Courses

Air, Nitrox and Trimix Fills

We now have facilities to fill cylinders with air, nitrox and trimix to 300bar. Unfortunately we don't have a drop in service, as we are not a retail outlet. But if you telephone us with your requirements, we will sort you out ASAP with whatever you need. For those who dive with us regularly we can transport filled cylinders to dive sites. We have a nitrox cylinders available for hire. We can also arrange cylinder servicing and O2 cleaning.

our adventures in 2009

World Record!

ProScuba currently hold a world record! In November 2009 Instructor Steve Bateman, Sheelagh Kay and Rob Turner completed a 50m dive in a north Wales quarry. During this dive a **Card Trick** was performed breaking the 19m previous record held by a USA magician.

Information and our updated Calendar

We have our social night on a Thursday at the White Heart in Denby Dale and Fridays we get together after the Ponds Forge pool session in Sheffield. We are not a club, but a group of friends who just enjoy Scuba Diving - everyone is welcome. Our Diving programme includes local trips, weekend activities and group holidays - we also do adventure activities, including rock climbing, caving and much more.

We have updated the calendar page. This will give you an overview of planned activities and events throughout each month. I plan to update this as often as possible, so visit regularly to find out what's new and changed - drop me line if you want to add or promote your activities and events. We now have an **online forum** to keep in contact.

RNLI rescue exercise & ProScuba

ProScuba were involved recently with a full scale rescue exercise. The RNLI (Royal National Lifeboat Institute) in association with the RAF wanted to run a diver emergency exercise off the North west coast around the Farne Islands. ProScuba divers from Huddersfield were involved throughout the exercise, which involved two lifeboats and a RAF search and rescue helicopter. For more details and to view pictures and first hand accounts, then visit our Forum.

Menorca again

Once again we've just had a wonderful trip to Cala Blanca in Menorca. This beautiful Mediterranean island has become a firm favourite dive destination for us. Located as a protected biosphere reserve, there is plenty of safe, environmentally friendly diving to be done in the island's warm, crystalline waters. Here in Menorca we have easy pondering dives just a stones throw from the apartment to caverns and wrecks just a short boat ride away.

Our next trip will be in May 2010

Stoney Cove - Splash In Photo Competition

This year's Photo splash in competition at Stoney Cove saw two of the ProScuba team taking part. The day was beautiful and sunny, with more than 400 divers on site, making visibility a little murky. This year over 20 people entered this photographic challenge. The rules are simple - take some pictures on the day, submit them for judging and wait the results. Here are some of Steve's entries - good luck. **UPDATE... Steve gained 1st and 3rd in the wide angle category! See the July Diver magazine for look at the winning entries.**

Well Done and Congratulations

Andy (*aka Squirrel*) has just become a PADI instructor. Sharm El Sheikh in Egypt was the main venue for the instructor Development Course and Instructor Examinations. This was a joint course with Martin Ainsworth, Course Director of Blue Lagoon. Special thanks to Ocean College for loan equipment.

Not just scuba diving

Our philosophy of diver education and underwater leadership is often brought into question - when you see the crew off duty!

Fire Eating is just one of our many talents!

Adventure

ProScuba like to have fun both on land and in the water. We have regular sessions climbing, abseiling, mountain biking, archery and even power kiting!

One philosophy we believe is:

'If you're not living on the edge - your taking up too much space'

Congratulations

Once again we attended this years St Abbs 'Splash In' photographic competition. Calm sea, clear skies made the bank holiday event one of the best yet. As usual the judging took place on the Sunday, with the ProScuba team hoping for another win. Not to be disappointed, against some 40 other photographs, our own Andy 'aka Squirrel' took the **best beginner** title! Congratulations and well done. Here are just a few of our entered images, the first on the left is Squirrels award winning shot.

Sport Diver Magazine

One of our classic photographs of Pete descending Nemo 33 is on the cover for Sports Diver In May. This award winning image was taken in the pool at Nemo by our own Smudge. This is a swimming pool that offers the ultimate multi-level facility, the deepest part being 34m. This pool is the worlds deepest scuba pool and is in Brussels in Belgium. We run regular weekend trips to visit the pool, have a look on our calendar pages or get in touch to find out our next trip.

We have lots more photographs and information on our photo pages - [take a look](#).

Photo shoot at York Race Course

Yorkshire Tourist Board gave us a call to see if we could help out. The challenge was to se up an Abseil at the York Race course for some publicity photographs. We had a great day and the sun was shining.

Wharncliffe Weekender - Charity Event

The ProScuba team provided First Aid cover for this annual charity Mountain Biking event. The weekend is organised by Steve Peat, world number one downhill champion from Sheffield. The week was a real success with our team providing an excellent service. This was the third weekender event with all monies raised going to the Western Park Cancer Appeal Fund.

First Aid Courses

We run first aid course for everybody. We can provide a whole range of tailored programmes for individuals or groups. Our courses include; *Emergency Aid, Basic life support, Appointed Persons, First Aid at Work and lots more.*

Gift vouchers are available for any of our courses, or as a money value. These make ideal presents for birthdays and special occasions. We have discounted courses for students attending Leeds, Huddersfield, Sheffield university's and colleges.

Red Nose diving at Ponds Forge in Sheffield.

ProScuba are always game for a laugh. We'll get involved in anything for a bit of fund raising. Through our adventure side of the business we have helped charities and organisations raise over 100k. For more details of how we can help your group - give us a call.

What's our scuba diving teaching area? We cover West Yorkshire, Wakefield, Huddersfield (Kirklees), Halifax (Calderdale), Leeds and Bradford. We are also on the border of South Yorkshire, covering Barnsley, Doncaster and North Sheffield. We have students from Lancashire and Manchester, Newcastle, Leicestershire - How far do want to come for flexible friendly service for your sub-aqua education?

We teach PADI, BSAC, DSAT Tec Rec, IANTD and TDI scuba diving courses. Our recreational PADI scuba

courses include the Open Water diver course, Advanced Open water and Rescue Diver. PADI specialties we can offer are: Boat Diver, Cavern Diver, Aware Coral, Fish, Reef & Turtle, Deep Diver, Dry Suit, Enriched Air (nitrox), Multilevel, Night Diver, Underwater Navigator, Digital underwater photography, Wreck Diver, Search & Recovery, SMB (surface marker buoy), Equipment Speciality, Drift Diver and Ice Diver. We can also teach technical scuba diver courses, like the PADI TecRec Deep Diver, tec40, tec45 and tec50 and Tec trimix.

All Outdoors and ProScuba is in the business of training and leadership. We provide adventure and education through **outdoor pursuits** and **scuba diving**.

From our West Yorkshire base in Huddersfield, we offer activity packages for individuals, organisations and groups. From beginners to instructor levels and more in depth technical courses.

We run regular outdoor pursuits and scuba holidays to Belgium, France, Spain and Menorca. We run trips to the world's deepest scuba pool and diving holidays for total beginners to the more extreme expeditions.

Our approach is flexible to meet the needs of clients. A reputation second to none has built up since our formation in **1989**. We are one of the oldest independent dive schools in the UK, offering training through PADI, BSAC, IANTD and TDI.

Our philosophy is simple:

- We guide clients in becoming divers
- We educate through close guidance
- We create memories and life changing experiences

- We provide opportunities to dive

We run **PADI** scuba courses in Huddersfield, Halifax, Bradford, Leeds, Wakefield, Barnsley, Doncaster and Sheffield. We have pool sessions at least 4 evenings a week, including a 6 metre training pool.

Learn to Scuba Dive - today!

As well Scuba diving, we provide adventure activities, these include; abseiling, rock climbing, caving and mountaineering, mountain biking, cycling, archery, kite flying, power kiting. We are also an HSE approved First Aid course provided.

Not just diving and adventure....

We also provide people to work as safety cover for TV and film productions. This includes media rescue divers and underwater photography support divers. We cover first aid and provide medical facilities, advise and training.

Recent TV production involvement includes Hollyoaks, Coronation Street, Emmerdale, Eastenders, Murder in Suburbia, Fat Friends, Blue Murder, Life on Mars, Where The Heart Is, Cutting it, Grange Hill, Heartbeat, The Bill, No Angles and many more.

Abseiling

Sponsored abseiling for groups. We run and provide a fantastic fund raising opportunity. This event is aimed at Schools and social groups. We can accommodate for up to 30 people per session.

George Hill 2005

We have one Parents and Toddler group who annually make over £2500 with about 10 adults in one session.

Sea Scooters & Snorkeling Sessions

Guided sessions for all age groups. Ideal for parties and small groups to have fun in the water. Activities run by experienced professional instructors.
