

# Wast Water Dive Site Directions and Details

Wast Water is a very remote location in the Lake District with absolutely no facilities. Bring everything you will need including drinks and food. Mobile phones do not work at this location. This lake is very deep 40m can easily exceeded. The water temperature in summer rarely gets above 6<sup>o</sup>c. The journey up is long and tiring, please take care.

- Parking is FREE but very limited
- Air fills are not available at this location
